WORK EXPERIENCE

Senior n8n Developer / Automation Engineer

03.2026 - Present

German Real Estate Software SME | Germany, Remote

- Built and maintained complex n8n workflows for operational process automation
- Implemented browser automation using Puppeteer: automated logins, form interactions, file downloads
- Developed AI-powered workflows with LLM integrations: classification, data extraction, text processing
- Integrated external APIs (REST, Webhooks) with OAuth2 and token handling
- Created modular sub-workflows and custom code nodes (JavaScript/Node.js)
- Implemented logging, monitoring and retry mechanisms for robust automation

Full-Stack & AI Automation Engineer

01.2025 - 03.2026

Poropo | Spain, Remote

- Built merchant-facing e-commerce infrastructure: NestJS middleware integrating Magento 2, Shopify and Holded ERP, directly impacting inventory accuracy and order flow for online merchants
- Database architecture with PostgreSQL/Drizzle ORM and asynchronous processing (BullMQ/Redis)
- RESTful API development with Fastify achieving >80% test coverage
- Cross-platform delivery: Designed and implemented an admin dashboard in Svelte and a client-facing app in Flutter, both backed by a scalable Firebase backend.
- AI integrations with n8n: automated workflows, LLM agents and workflow orchestration

Full-Stack Developer Node.js (Frontend-Focused)

02.2024 - 12.2025

TitansDev | Spain, Remote

- Frontend development: Built responsive web applications using Vue.js, Nuxt.js and Astro
- Backend & data layer: Managed Node.js backend services and databases, ensuring high availability, data integrity and secure API communication for client projects.
- Developed Vue.js/Nuxt.js testing suites and component debugging strategies.

Freelance Web Developer & Consultant

12.2022 - 01.2024

Self-Employed | Brazil, Remote

- End-to-end delivery: Delivered 10+ web projects for international clients.
- Performance & SEO: Optimized websites for Core Web Vitals and page speed.
- CMS enablement: Customized WordPress and headless CMS setups (Strapi, Directus).
