WORK EXPERIENCE

Senior Software Automation Engineer

03.2026 - Present

Value AG | Germany, Remote

- Built full-stack automation services: n8n workflows, Puppeteer browser automations, containerized workers and a real-time operational dashboard with Hono, HTMX and SSE.
- Developed LLM-enabled workflows for classification, data extraction and text processing; integrated REST APIs, OAuth2 webhooks and external enterprise systems.
- Applied AI-native tools (Claude, Codex and OpenCode) for planning, debugging, code review and documentation.

Full-Stack & AI Automation Engineer

01.2025 - 03.2026

Poropo | Spain, Remote

- Built merchant-facing e-commerce infrastructure: NestJS middleware integrating Magento 2, Shopify and Holded ERP, plus Svelte apps backed by Firebase.
- Database architecture with PostgreSQL/Drizzle ORM and asynchronous processing (BullMQ/Redis)
- RESTful API development with Fastify achieving >80% test coverage

Full-Stack Developer Node.js (Frontend-Focused)

10.2023 - 12.2024

TitansDev | Spain, Remote

- Frontend development: Built responsive web applications using Vue.js, Nuxt.js and Astro
- Backend & data layer: Managed Node.js backend services and databases, ensuring high availability, data integrity and secure API communication for client projects.
- Developed Vue.js/Nuxt.js testing suites and component debugging strategies.

Freelance Web Developer & Consultant

12.2021 - 09.2023

Self-Employed | Brazil, Remote

- End-to-end delivery: Delivered 10+ web projects for international clients.
- Performance & SEO: Optimized websites for Core Web Vitals and page speed.
- CMS enablement: Customized WordPress and headless CMS setups (Strapi, Directus).

ADDITIONAL

- EU Citizenship (Spain) - No visa required
- Available for B2B contracts or permanent/full-time employment

Gnosis Platform - Multilingual Digital Library (In Development - planned launch October 2026)

- Go, SvelteKit, PostgreSQL, Valkey, Meilisearch and Cloudflare Pages - multilingual platform for reading, searching and managing digital content.
- Go REST API and background workers with type-safe SQL; RAG chat using Azure OpenAI and pgvector, book narration through Azure AI Speech, and an offline-ready SvelteKit PWA with role-based administration.

RPA Migration: UiPath to n8n, Puppeteer & Hono

- Migrated 11 UiPath processes / 38 sub-processes to n8n workflows with reusable Puppeteer/API patterns.
- Built a containerized TypeScript/Bun backend with Hono and Puppeteer: isolated Chrome runners, typed APIs, export orchestration and an HTMX/SSE operations dashboard.
- Set up Git-backed n8n source control, environments, branching, promotions, secrets and access; architected the Docker queue platform with three workers, RabbitMQ and PostgreSQL.

Gnosis International Websites - Germany, Netherlands & Romania

- Astro, TypeScript, Tailwind CSS, Supabase and Cloudflare Pages - migrated two legacy sites and built a third from scratch on a reusable multilingual static architecture with zero server maintenance.

Enterprise Resource Integration System - Holded Core

- NestJS, TypeScript, PostgreSQL, Drizzle ORM, BullMQ, Nuxt - Middleware for e-commerce synchronization.
- Sync between Magento 2, Shopify and Holded ERP with hybrid architecture (event-driven + adaptive CRON).

Gentlecan - Dog Grooming Management System

- SvelteKit + Firebase: Full-stack solution for dog grooming salon operations.
- Admin dashboard: calendar management, real-time occupancy indicators, customer segmentation.

Gnosis Congress 2026 - Full-Stack Event Management Platform

- Nuxt.js, Hono, PostgreSQL and Better Auth - production event-registration platform with 3,905 registrations.
- Manages attendee visits, lunch-day selection and transport, with Redsys payments for lunches and transport and country-filtered operational analytics.
- Responsive Nuxt.js/Tailwind frontend on Cloudflare Workers, with a Hono API backend deployed via Coolify.

IFV - WordPress Migration & Multilingual Institutional Platform

- Astro, TypeScript, Tailwind CSS, Supabase and Cloudflare Pages - migrated IFV's legacy WordPress website to a zero-maintenance serverless platform with four-language SEO content and contact pipeline.
